

GETS OPTION ON COTTON MILLS

W. H. Wheeler of Beloit, to Start Another Factory in This City.

HE WILL PAY \$30,000

His Proposition is To Manufacture Electrical Appliances in New Plant.

LARGE FORCE OF MEN

At a meeting of the directors of the Janesville Cotton Mills held yesterday afternoon a sixty day option was given W. H. Wheeler of Beloit on the lower cotton mill, located in Monterey, together with all machinery, waterpower and real estate for the sum of \$30,000.

There is very little doubt but that the option will be taken and the closing of the deal will mean a boom for the manufacturing interests of Janesville. Mr. Wheeler and his brother propose to use the plant for the manufacture of electrical appliances and will employ a large force of men.

The property on which they have secured the option cost in the neighborhood of a quarter of a million dollars. It includes a main building built of brick with stone foundations, two stories high, 80x285 feet, a machine shop and boiler room 50x80, besides an engine and boiler room, together with eight acres of land and 9,500 inches of water power above surplus water or a 9 foot head. There is also a 250 horse power Allis compound condensing engine purchased three years ago and a comparatively new set of boilers.

The mill was erected about twenty years ago during the boom in cotton cloth and cost the stockholders nearly a quarter of a million dollars. It was operated as a cotton mill with more or less success up to within a year and a half and then closed down. Since that time the plant has been lying idle and has been a loss to the stockholders.

The option given yesterday is a little less than one-eighth of original cost of the plant, and is practically a gift to the people holding the option.

Mr. Wheeler and his brother are active business men and have been looking for a location for their electrical appliance plant for some time. They have had this mill in view and are much pleased with it on account of the shipping facilities, water power and other advantages.

The force at the new plant at first may not be very large, but it will be increased until the plant is one of the first manufacturing industries of the city.

PRAISES FOR THE CUBAN POLICY

Summary of the Platform Adopted by the Indiana Republican Convention.

Indianapolis, April 24.—The platform adopted by the Indianapolis republican convention this morning indorses the administration; praises the Cuban policy and also the course of the administration in the Philippines question; denounces trusts and approves the efforts of the administration to bring them to time. It urges the building of the isthmian canal and the further restriction of immigration. It approves the abrogation of the Clayton-Bulwer treaty and asks for further tariff revision.

Fire At Clarion.

Clarion, Pa., April 24.—One hundred and fifty buildings were burned here last night, eleven hundred are homeless. Loss three hundred thousand dollars.

CANDIDATES FOR THE STATE G. A. R. COPELAND AND ROGERS OUT OF RACE

Senator Clawson Seems to Have the Lead for the Office of Department Commander—Notable Convention at Stevens Point.

Information was received yesterday at Madison that Frederick Copeland of La Crosse, who has been touring Europe, for some months, will not be able to get back to Wisconsin in time to attend the annual encampment of the Wisconsin G. A. R. to be held at Stevens Point, June 11, and consequently he will not be a candidate for department commander. Earl M. Rogers, of Viroqua, who has been mentioned for the office, is now in California, and will not be able to attend the encampment, and this, it is believed, also removes him from the list of candidates, which up to date is as follows: Ex-Senator P. J. Clawson, of Monroe; Assemblyman George Spratt, of Sheboygan; Ex-Sheriff M. L. Schneider, of Waukesha; Robert Ingalls, of Bayfield; J. H. Agen of West Superior; W. R. Hoyt, of Chippewa Falls.

PAYS HIGH PRICE FOR BEEF SUPPLY

Contracts Let for the State Institutions, and the Cost is Very Much Increased.

Madison, Wis., April 24.—The state board of control is up against the large beef prices. Today it awarded the contract for the meat supply of the various institutions for the months of May, June and July and the total value came to \$5,555.91 as against \$4,570.43 three months ago at the same specifications. Swift & Co., of Chicago, got the contract and their bid for steers was \$2.93 per hundred, Armour & Co., coming highest with an even \$3.00. Last time the contract was awarded the price of steers was only \$2.21, an increase of 50 per cent. The greatest increase was in liver which went up 100 per cent.

ADMIRAL WATSON GOES TO ENGLAND

President Appoints the Rear Admiral To Take Clark's Place at the Coronation.

Washington, April 24.—Rear Admiral John C. Watson, who was appointed today to succeed Captain Clark as the American navy's representative at the coronation of King Edward VII, has borne through his whole career the complimentary title of "Able Seaman Johnny," this by virtue of his early merit. He was born Aug. 24, 1842, and was appointed to the naval academy at the age of 14. He fought on the union side throughout the civil war, much of the time as a lieutenant under Farragut. He became a lieutenant commander in 1866, commander in 1874, captain in 1887 and commodore in 1898. During the Spanish-American war Rear Admiral Watson was selected to command the fleet once contemplated to harass the coast of Spain. His record in the navy is excelled by few men.

CONFEDERATE VETERANS MEET

Held Memorial Services for the Late General Wade Hampton.

Dallas, Texas, April 24.—A special memorial service in honor of General Wade Hampton was the feature of the opening session of the United Confederate Veterans. General John B. Gordon paid a warm tribute, after which resolutions reviewing General Hampton's life were adopted. The memorial service included all who fell in the cause of the confederacy and for the late Miss Winnie Davis, "the daughter of the confederacy."

New Orleans was selected as the meeting place of the next convention. The veterans unanimously reelected the following officers:

Commander in chief—General John B. Gordon.
Commander of the army of the Tennessee department—General Stephen D. Lee.
Commander of the transmississippi department—General W. L. Cabell.
Commander of the department of the northern Virginia—C. I. Walker, to succeed the late General Wade Hampton.

A resolution to change the confederate memorial day from May 26 to June 3, the birthday of Jefferson Davis but to allow any state desiring a different date to take individual action, was passed.

The report of the Davis monument committee showed slow progress. There is \$25,000 on hand and \$10,000 more is needed.

ATTEMPT TO KILL KING OF SPAIN

Madrid, April 24.—The entire city is in a state of agitation today over what is believed to have been an attempt to assassinate the king. An unknown man was caught trying to enter the inner palace. When caught by the police he refused information and displayed unusual agitation.

PRICE OF POTATOES JUMP TO \$1.00; RISE OF 13 CENTS SINCE SATURDAY

All Cereals, Too, Have Advanced Greatly Over the Prices Prevailing a Year Ago—Butter and Flour Have However Gone Down.

Chicago, April 24.—Prices of potatoes jumped to \$1 a bushel in the wholesale market yesterday. This made an advance of 13 cents since Saturday, the highest figure since last August, when the product sold at \$1.25. The crop of old potatoes has been nearly used up and supplies in all markets are unusually small. Reports from other markets say prices are as high as here.

The new crop is just starting to market from Louisiana. As yet they are so small as to be undesirable. The Texas crop comes to market about the middle of May, but will be a week late, as the season is backward.

There is one relief for the consumer. Butter which advanced to 31 1-2 cents last week, has taken a drop to 26 1-2 cents.

Those who have turned to cereal food products on account of the high price of meats have found that cereals

ELKS DECIDE TO GO TO OSHKOSH

State Convention at Ashland Names the Place for the First Annual Gathering.

Ashland, Wis., April 24.—At the business meeting of the state convention of Elks, held yesterday, Oshkosh was chosen by a vote of 12 to 10 as the place for holding the first state convention. The selection was a disappointment to Ashland Elks, who had hoped that this city would be honored with the initial convention inasmuch as the idea of having a state organization originated with the local lodge and was carried by its efforts to success.

A. F. Worden of Waukesha, was chosen chairman and M. H. Zacharias of Oshkosh, secretary of the convention.

Besides making the selection of the city in which to hold the first state convention, much other business was transacted. A committee of six was appointed to frame a constitution and by-laws for a new organization. At the business meeting this morning eleven Wisconsin lodges were represented.

GEN. CASTILLO FELL FATALLY WOUNDED

Terrible Battle in the Mountainous District Around Cumana, Venezuela—His Force Scattered.

Port of Spain, April 24.—On the island of Trinidad, according to advices received here by steamer, two thousand Venezuelans soldiers under Gen. Ramon, engaged a revolutionary force in the mountainous district near Cumana, Venezuela. Soon after the fighting began Gen. Castillo fell mortally wounded. This created a panic among his men, who fled in all directions. Castillo's body was recovered.

PRICES OF BEEF ARE UNCHANGED

Ham and Bacon Advance, and Fresh Pork Fell a Cent—Supply of Cattle Increasing.

Chicago, April 24.—Prices of beef remained unchanged today. Ham and bacon rose from a fourth to a half. Fresh pork fell a cent. Further advance in beef is not anticipated as the supply of cattle is increasing.

DANES WILL SELL THE WEST INDIES

The Bill for That Purpose Passed the Upper House by the Vote of 34 to 30.

Copenhagen, April 24.—By the close margin of 34 to 30 votes the lands, thing or upper house of parliament, today adopted the majority report of its committee on the treaty providing for the sale of the Danish West Indies to the United States. This report advocates the sale of the islands upon a provision that a plebiscite be taken of the electors or wealthy class on the island. As this class has already signified its approval of the sale, the action of the lands-thing is, as far as it alone can go, final.

The folk-thing, or the lower house of the diet, has yet to act up on the bill adopted today by the lands-thing. The lower house, however, has already passed a bill ratifying the treaty, but its measure provided for the taking of a plebiscite of all the population of the islands.

Knights of Columbus. Last evening Messrs. J. W. Hayes, J. W. Hogan, J. J. Cunningham, E. H. Ryan, Thos. Nolan, Hurt Wilbur and Patrick Cavanaugh, of this city, accompanied by Father Harlan, of Edgerton, went to Milwaukee to attend a meeting of the Knights of Columbus, at which a class of fifty were initiated.

After the initiation a banquet was served, followed by a smoker. The Janesville delegation returned this morning, reporting a very pleasant time.

CALVE WILL NEVER RETURN TO AMERICA

Noted Prima Donna Says She Has Left This Country for Good, on Account of Climate.

New York, April 24.—"I have said good-bye to my American friends and I shall never come back," said Mme Calve when she sailed on the St. Paul today.

"I shall sing before King Edward three days after the coronation and then I shall go to my home in the central part of France for the rest I need so much."

"I shall remain on the stage until I get too old or my voice gives out. I love singing and my work is a pleasure to me. But the climate in any other country than France always disagrees with me and I cannot stand it."

BEEF TRUST HELD SAID TO BE INHUMAN

New York Board of Aldermen Demanded Federal Action—Trust Attacked in Congress.

New York, April 24.—The board of aldermen of this city adopted a resolution today reciting that the increase in the price of meat is working a great hardship among the tolling masses of the city.

The resolution declares that the board strongly condemns the inhuman action of the combination known as the "beef trust" in increasing the price of meat, and demands the intervention of the federal authorities and the state authorities immediately to stop the unlawful conspiracy to private gain on a food which is an absolute necessity for the working classes of this city.

Trust Attacked in Congress. Washington, D. C., April 24.—Representative Richardson of Tennessee today introduced the following resolution:

"Resolved, That the ways and means committee be instructed to investigate the question of the recent increase in the price of these articles and determine the cause thereof and if practicable offer some legislation that will afford relief against the evil complained of."

Representative McDermott of New Jersey today introduced a bill abolishing all duties upon meat and poultry imported from foreign countries.

OSHKOSH TEACHERS WANT MORE SALARY

Think They Should Be Better Paid Than Lumber Yard Men in the Sawdust City.

Oshkosh, Wis., April 24.—Unless the salaries of the teachers of the public schools of this city are appreciably raised at the apportionment made next month, there will be a wholesale strike at the end of the year.

Out of 120 teachers, including the superintendent and all the district school principals, there are only twenty who receive \$550 a year or more.

Several meetings have been held and an organized movement has been inaugurated, the teachers signing an agreement to stand by one another and not to serve unless an advance is granted.

INSPIRING SCENE AT ST. PETER'S TODAY

Rome, April 24.—St. Peter's today was the scene of an inspiring event. Twenty thousand pilgrims gathered there and were received by the pope. His holiness received an enthusiastic greeting. Assured in his address with felicitation, he spoke with emotion, but in a strong voice: "These manifestations," he said, "are consoling at a time when the church is so persecuted."

M. F. Greene is transacting business with Madison tobacco dealers today.

TO PRESERVE ANCIENT MOUNDS; OF GREAT HISTORIC INTEREST

Wisconsin Natural History Society Has Three Specimens on Waukesha Property—Annual Meeting on Organization Tonight—Further Studies

Three of the best ancient mounds in the state of Wisconsin are to be preserved. They are located on the Cutler property in Waukesha which may possibly be purchased by that city. At the recent election a vote was taken and it resulted in showing that the public desired the property for park purposes. It purchased by the city it will either be used for a "breathing place" or possibly as a site for the proposed new public library. If the purchase is completed, and there is no doubt that it will be, the mound will be perpetuated.

M. A. Porter, a member of the Wisconsin Natural History Society has worked very hard to preserve some of the mounds of great historical interest to Wisconsin. He is delighted to have achieved so grand a result as to have the Waukesha mounds preserved, as they are among the best specimens in Wisconsin.

The annual meeting of the society will take place this evening, and the routine business will be discussed and the reports of the secretary and treasurer of the various sections will be read, followed by the election of officers for the coming year. The adoption of a new constitution and by-laws will be an important feature of the meeting.

NEED SPOONER IN WASHINGTON

Theodore Roosevelt Asks Wisconsin Republicans to Send Him Back.

HE IS AN ABLE MAN

Emphatic Talk of President to State Sup't Harvey, Indorsing Senior Senator.

MUST BE REELECTED

Milwaukee, April 24.—Der Germania, one of the leading German dailies in the state, came out last evening with a demand for the re-election of Senator John C. Spooner and caused no little sensation by basing his demand on the state that no less a person than President Roosevelt "at his own initiative" impressed on a representative of the paper, who was in Washington recently—probably Col. W. C. Brumder—that he wished Senator Spooner returned.

The articles taken together cause more of a stir among politicians than has been seen for some time, even in this year of sensations.

Roosevelt for Spooner. The translation of the article under a news heading in Die Germania is as follows:

"It is indeed a significant thing when the president of the United States assumes the initiative to place before the residents of a state that he personally not only desires the re-election of a United States Senator, but that the best interests of the country suggest that such re-election be made."

"That is what President Roosevelt did last week. He was approached by a resident of Wisconsin and a representative of Die Germania, and his first words spoke in favor of Senator Spooner in such a manner as to wish to let the people of this state know that the president looks upon Senator Spooner as indispensable and he intimated as much, and, in fact, said so in positive words, that he would not only like to have Mr. Spooner as a leading member of the senate, but that he regarded him very highly as a personal adviser, and would like to have him in the senate, where his services could be availed of. The words of the president, uttered in such an emphatic manner, made a deep impression."

Senator Will Not Refuse

"Whether Senator Spooner will be a candidate for re-election or not, is thereby eliminated. He will do this, for he is too good a patriot to refuse. For the party leaders and citizens in general of the state the president has given a way, and he is in hopes all minor differences will be cast aside, and that the great interests of the country at large will be thus promoted."

The following is a translation of an editorial in Die Germania touching the attitude of the governor and his followers in regard to the re-election of Senator Spooner:

Meant for the Governor

"We make no bones out of the fact that this article is meant for Mr. La Follette and his political followers."

"That the governor of late has been gaining strength is not to be denied. We will not go into details as to the source of this increase in strength. The fact is undoubtedly that the wing of the party opposing him is unable to find a candidate sufficiently strong to defeat him. As intrenched as La Follette feels, he will not fall into the illusion to make the error to oppose the man the president of the United States desires to be chosen to create harmony in the party. John C. Spooner must under all

JOSEPH W. BABCOCK.

KIRMESS FOR LAST TIME TONIGHT

An Excellent Performance Last Night Pleased a Large Crowd—More Will Be There Tonight.

The second production of "The Kirmess" at the Myers Grand last evening surpassed the first production, owing to the fact that those taking part in the program were more accustomed to the surroundings and the previous performance gave them more confidence and consequent grace of motion in the several dances.

The directing ability of Prof. Speedy was manifest in the lack of any hitch in the program and individual and collective work of all. Many new features were introduced last evening and the audience was about as large as that of Tuesday evening.

The dance of "France La Reve" by the Misses Grace Winterroth and Edna Murdoch and Masters John Harlow and Kramer Doty was pleasing as was the Little Lord Flametrey song and dance by eight little girls in attractive costume. The Garland dance by seven little girls captivated the crowd and they responded with an encore.

The solo, "Bandolero" by Leonard Mathews, merited the applause he received. Mrs. Charles Bostwick gave an Irish jig in such an excellent manner as to win hearty applause. Later the song "My Lady Hotentot" which was equally pleasing. The ladies doing the chorus part, also did well.

"The Honeyuckle and the Bee" by the Misses Phillips, Slightam and Conroy was especially pleasing. The Dance of the Flowers was fully up to the standard of Tuesday night as was also the March of the Nations. The skirt dance by the Doty girls was one of the pleasing features of the evening.

The Polish driving dance by Miss Anna DeForest and the Spanish dance by Miss Hattie Slightam was equal to the work of experts. The duets and duettes of their part well as did Kramer Doty, Will Curtis, Fred Sheppy, Webb Dudley, John Harlow, Arthur Farley and Will Drummond in a negro song and dance.

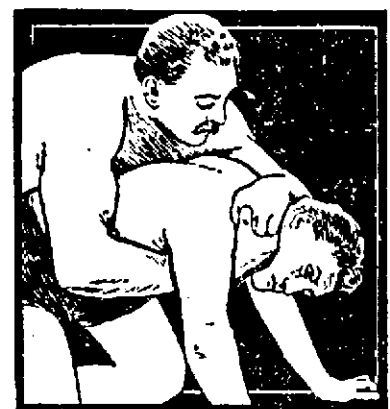

The Highland Fling was good and the part given by Daisy McLean was especially good. Uncle Sam's solo by Fred Palmer, the United States Marches and Dances, the Flag Dance and the Goddess of Liberty were all very good. The program closed with a pretty tableau.

The cake walk performed by Mrs. E. J. Smith, Mrs. Doug King, Misses Harriet Capenter, Louise Kent, Agnes Shearer, Messrs. Al. Schaller, Ned Whitton, Sam Echlin, Will Fox, Harry Atwood, George Buchholz was received by unqualified applause. Miss Hazel Phillips and Master Noel Fulton juveniles in the same dance did remarkably well.

The program tonight on the last presentation will be as follows: The Kirmess Queen; Baby Dance, Court Dance, Little Lord Flametrey Song and Dance, Garland Dance, Flower Gavotte; Solo, "My Clo"; France, "La Reve"; Russia, "Sleigh-Lell Dance"; Mexico, Solo, "Bandolero"; Hungarian Gypsy "Tamborine Dance"; Dance of the Flowers; March of the Nations; Christoph Columbus; England, "Fisher's Hornpipe"; Lone Fisherman; My Lady Hotentot; Skirt Dance; Scotland, "Highland Fling No. 1 and 2"; Spain, "La Cachucha"; Dance of the Dudes and Dudes; Ireland, "Irish Jig"; Africa, "Negro Song and Dance"; Poland, "Driving Dance"; Cake Walk; United States Marches and Dances; Flag Dance; Goddess of Liberty; Solo; Tableau.

The Salvation Army
Captain L. D. Taylor, who has been called away on account of his wife's illness, has returned and expects to remain here five or six weeks. Captain Taylor has been transferred to the Western New York Division and will be leaving for his new appointment about the first of June.

Meetings will be held as usual every night. Special meetings will be held next Saturday and all day Sunday. Captain Schurman, of Burlington, Ia., will be with us. The captain is a wide awake salvationist and

The first necessity of athletics is a sound stomach. Food is the source of all physical strength, but to extract and assimilate the strength from food requires that the stomach and other organs of digestion and nutrition should be in a condition of good health. What is true of the athlete is true of every man and woman; physical health and vigor depend upon the digestion and assimilation of food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and by enabling the perfect digestion and assimilation of food, builds the body up with solid flesh and muscle.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his Pleasant Pellets" a year ago this spring, and have had no trouble with indigestion since. Mr. W. T. Thompson, of Townsend, Broadwater County, Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

The Common Sense Medical Adviser, 1208 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

an interesting meeting is promised all who attend.

There will be a special service of song on Saturday night, April 26. Admission will be by ticket for this meeting, at 15c each and the proceeds will be used to clear off a small debt resting on our work. All are invited to buy a ticket and in this way help us to wipe out the old debt.

River Packets Damaged.
La Crosse, Wis., April 24.—The steamer Lion, a packet plying between La Crosse and Wabasha, put into this port in a badly damaged condition, after being three times given up for lost during the two days' gale.

The Scotia and Beaver also had narrow escapes, while the Rutledge ran down a row boat, collided with the La Crosse wagon bridge, and nearly sank in mid-channel.

GOD'S MERCY AND MAN'S INGRATITUDE

Subject of Sermon by Rev. Mr. Baskerville at the Court Street

M. E. Church This Evening.

Revival meetings last night at Court street church were well attended and a splendid spirit prevailed. Dr. Richards led the song service with a good deal of animation and interest.

Rev. C. M. Starkweather, of Milton Junction led in prayer and then Dr. E. J. Baskerville took for his theme: "Weighed in the Scales." In order to weigh we must have correct scales. A peculiar scales will not stand the test. People select many false balances. Some that of comparison. I am as good as that man and yet the one may have five talents and the other only one, and the man with the five is not getting near as much as out of the five as the man with the one.

If that man goes to Heaven, I shall, and yet the circumstances of the one are much more favorable than that of the other. The circumstances of the one are good he makes little out of them; the other man appears unfavorable in the eyes of the world and is working at a great disadvantage and yet he may be doing much more genuine work. Early education must be considered. First impressions are hard to banish.

Evil and good surroundings must be considered. Our own opinions must be weighed in God's scales and not our own. Can I do more work now than I could when I began to work for God? Can I pray better? Do I love God as never before and is it easy for me to work for Him? We should apply these tests to the scales. Dr. Baskerville will speak tonight on God's Mercy and Man's Ingratitude. All are invited to these interesting and profitable meetings.

AMUSEMENT NOTES.

The Carpenter Company
Nothing in the way of a Russian drama has made such a pronounced impression as for Her Sake which comes to the Myers Grand, tomorrow night, April 25, being built on new and original lines, it takes precedence over any Russian-Siberian play yet written. It depicts life as actually

seen in that far-away country, with startling accuracy. Its scenic investiture is said to be elaborate and the acting company one of peculiar excellence.

Minstrel Show Monday

The beautiful scenic settings for the first part of Richards & Pringle's big minstrel performance at the Myers Grand, Monday, April 28, is an exact reproduction of a Japanese village, with its breezy, luxuriant perspective and unique architectural conceits. The idea is strikingly novel and adds a striking oriental beauty and splendor to a usually stereotyped part of a minstrel show. Every feature of this big combination is presented in the same meritorious way—different from any other similar organization and of the very best. The big street parade takes place at 2:30 o'clock.

Game of Ball by Mutes

A game of baseball by mutes will be one of the events of next Saturday in this city. It will be novel owing to the fact that the players cannot speak or hear a word, all of the playing being done with signals. Saturday afternoon the ball team of the Delavan School for Deaf Mutes will play a return game with the Janesville High school team. The game promises to be a hot one as the mutes won last Saturday at Delavan and the Janesville boys are going to do their best to win the return game.

Fire in the Woods

A fierce fire raged yesterday afternoon in the woods belonging to the Chapin estate and Thomas Pratt, adjoining the county farm property. Before the fire was subdued it had burned over about fifteen acres of woodland and did considerable damage to the growing timber and fences. The fire is supposed to have been started by one of the inmates of the county house.

CLOSING MEETING OF TWILIGHT CLUB

"Ideal Janesville" is the Title of the Topic, and T. S. Nolan Will Be the Leader.

The program for the closing meeting of the Twilight club next Tuesday evening will be especially interesting as it deals with home subjects: "Ideal Janesville" is the title of the topic and T. S. Nolan will be the leader. While some of the topics treat of the beautiful spots about the city others will show up some of the eye-sores. Rev. Robert C. Denison will show some handsome stereoscopic views of the city.

The subdivisions of the topic are: Influence of ladies in municipal advancement; Lawns and yards; Music; Between the East and West sides; Sanitary precautions; Music; Breathing places; Other cities; Music; Sunlight Sketches.

On account of the large number to be accommodated at this meeting it is requested that all who do not expect to be present will notify Judge C. L. Fifield or W. T. Sherer.

How They Pay.

Many persons question whether the enormous advertisements put forth by the big department stores in large cities really pay their cost. If returns are to be measured by actual sales of goods advertised, it may be safely stated that such advertisements rarely pay. Their purpose is to bring people in the store, where other goods are displayed and skilled salesmen will do the rest. The item which brought the customer to the store may be only a spoon of thread or a cake of soap at half price, but the chances are against the customer leaving the store without making other purchases. The same principle applies to mail order advertising. The profits from the direct sales of the goods advertised in any advertisement seldom pay the cost. The profit must come from subsequent sales, and this depends upon skillful following up of the inquiry the advertisement brings.—Advertising Experience.

CARRIE NATION TALKS AT ROCKFORD

The Smasher Will Return to Kansas City, and Hopes To Be Sent to Jail Again

Carrie Nation, the saloon smasher, lectured in Rockford Tuesday. The Register-Gazette writes her up as follows:

But before she went into seclusion for the day, she startled 15 traveling men who were smoking in the hotel office.

"You men," she declared, "you are smoking your way to hell. You will smoke that way there too."

Then she drove off in a hack that had been summoned. The traveling men have arranged to hear the remainder of the lecture that she started.

Mrs. Nation was seen by a Register-Gazette representative, and she plainly declared that she was still a saloon-smasher, even if she was not using a hatchet at present.

When asked in regard to her intentions, she said:

"My plans in Rockford are simply to lecture at the opera house. What I will talk about is not settled. I never know until I talk. What I will do next I do not know. That is not settled yet. I do not expect to do any saloon smashing here."

"I mean, I do not intend to use a hatchet to smash saloons. I will smash them though, with all my power, and I'll smash worse things than saloons."

"My plans in general are to do things as hard as I can, as fast as I can and as good as I can. I will be in this state until May 2, when I will lecture in Ann Arbor. Very soon, shortly after that, I have two trials in Kansas, in Topeka. I will hire no lawyer, and suppose I will go to jail. I am ready to go to jail. I am not afraid. It would only be for destruction of malicious property, although the officers say it was malicious destruction of property. I am going to tell his 'dishonor' what I think of him. I mean Judge Hazen of the district court."

"I am going to tell him that he is a perjurer, an anarchist, a disgrace, the devil's scullion and an infidel. And Governor Stanley of Kansas is the same too, even if he does declare he is a Sunday school man. I declare and will tell him there is not one shade of anarchy he will not enforce. My favorite descriptive term of him is 'Devil's Scullion.'"

"If it is God's will that I go to jail, to jail I go. If it is not his will all the devil's angels could not lock the doors against me. I am always boss wherever I am, behind the bars or away from them, for I have the King with me."

"In summer, if I don't go to jail, from June 1 until winter, I will be under the management of James E. Furlong, who is now the manager for Miss Stone. I like to have the bartenders attend my meeting. They and everyone who has been injured by the whiskey."

"I am still a saloon smasher and smash worse things than saloons. That saloon smashing just opened the way. Now I can smash lots of things without a hatchet, and keep out of jail, too, and do lots of effective work."

Unexpected Answer.

(From the New York Telegram.)
She was a bright young teacher, in charge of a bright young class, composed of many foreign children. To increase their vocabulary she had hit on a guessing game. She told the class what she was thinking, and they named the object.

This time she had thought of the word birthday, and the lesson went on in this fashion:
"Now, little folks, I'm thinking of something you all have. You don't have it very often, just once a year. Even I have one. What is it? I'll give you one minute to think and when

you are sure you know, raise your hand."

Hands began to go up rapidly. "My," said this bright young teacher, "I really think I have the best little folks in all this big school. They all think so fast, and I know they are thinking of the very thing I thought. I'm going to let Morris tell. I'm sure he knows."

Morris rose to his feet, stood in the aisle in true military position, and like a shot from a gun in response to the teacher's:

"Tell us what it is, Morris," came the ready answer:
"A clean undershirt, teacher."

It fills the arteries with rich, red blood, makes new flesh, makes sick people well. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy.

POVERTY SUPPER AT ST. MARY'S CHURCH

This Evening the Children Will Repeat the Charming Cantata, "Dream of Fairyland."

Poverty is not generally regarded as a good thing but hundreds of our citizens will testify to the fact that the "poverty supper" served by the ladies of St. Mary's church at the new church building last evening, was a good thing. The name was certainly a misnomer as the tables were well filled with all that would tempt and appease the appetite and the ladies were careful that all were abundantly served.

During the supper, which continued from five o'clock until after seven o'clock, Prof. John Smith's orchestra rendered some of its finest selections and Uproft, Thiele played several fine pieces on the church organ. The booths at the sides of the church did a thriving business and several articles on which chances had been sold were raffled away.

This evening the children will repeat the charming cantata, "Dream of Fairy Land," which pleased so many Monday evening.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 60 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Man With the Rake.

Bowed with the weight of centuries I stand, like Markham's hero, I feel my spirits sadly freeze: They're dropping down to zero. Although of flowers I choose to sing My wife I'll never pardon. My springtime thoughts have taken wing:

I've got to dig the garden. I love to write of jocund morn, But scorn to meet the charmer, I'm just a wonder in the corn While I'm a paper farmer. Now in the dirty soil I poke With shovel most ungraciously— A woman cannot take a joke— Or see it all too plainly. A farmer hold!—It makes me sick! A miserable take off. I spread the fertilizer—thick— A nasty kind of rake off. "My brow is wet with honest sweat." My back is nearly breaking. But for the little wife, you bet, The job I would be "shaking."

No man should sing of joyous spring: Of it he'll get enough, sir. A strenuous life he'll get when wife is there to call his bluff, sir. —Pittsburg Press.

A. J. Phillips, of Savana, Ill., a conductor on the St. Paul road, formerly of this city, visited here today.

Bad Blood Breeds Humors

Boils, Pimples, Eruptions, Sores, Debility, Languor, Kidney Troubles, Indigestion and That Tired Feeling. All of which Hood's Sarsaparilla cures, by purifying, enriching and vitalizing the blood.

Blood troubles, left unchecked, increase and multiply just as naturally as the weeds and thistles infesting the soil.

They need the same radical treatment, too.

They should be rooted out in Spring.

HOOD'S Sarsaparilla

Stops the breeding of disease germs and impurities in the blood.

It also imparts vitality and richness, and that means a strong, vigorous body as well as a clear healthy skin.

You will look better and feel better if you begin taking Hood's Sarsaparilla TODAY. It

Purifies The Blood

As nothing else can.

"My son had pimples on his face, which after a while became a mass of sores. I began giving him Hood's Sarsaparilla and soon the sores were getting better. They finally healed without leaving a scar." Mrs. L. Thayer, 7 Willow Avenue, Hoboken, N. J.

DANDERINE

Makes Hair Grow

RUTH HARDY 91-5-412 AVE. CHICAGO.

CHICAGO, Jan. 30, 1902.
—Dear Sirs: Two of my girl friends and myself have been using your Danderine for several months. We all continued using it about the same time, and we are seeing which of us can grow the longest hair. For a month we used it once a day, after that twice to three times a week. All of our hair is much thicker than it was, and mine is fully seventeen inches longer. It seems the longer it gets the faster it grows. Are we using it to the very best advantage? Kindly answer at once.
Respectfully, Ruth Hardy

Nearly Every Lady in the City of Chicago Uses Danderine.

and if you will look at the wealth of luxuriant and beautiful hair exhibited in the above photograph you will see the reason for it. It is the only remedy ever discovered that will make hair grow and stop it from falling out (we back that statement with five thousand dollars). Chicago, St. Louis, Kansas City, New York and Boston dealers are now buying it by the car load in order to supply the tremendous demand, which is unbounded. It is not a secret. It is a substantial proof of merit, is it not? Be sure you get the genuine, made only by the Knowlton Danderine Co., Chicago.

NOW at all drug stores. Three sizes, 25c., 50c. and \$1.00 per bottle.
FREE to show how quickly Danderine acts. The Knowlton Danderine Co., Chicago, will send a large sample free by return mail to anyone who sends us this advertisement with their name and address and 10c. in silver or stamps to pay postage.

NEED SPOONER IN WASHINGTON

Continued From Page 1.

circumstances be reflected, all else being a minor matter.
"That must be the cry of every patriotic republican in Wisconsin today. What lesson the governor and his followers may learn out of this everybody knows, as the governor is a sharp shrewd politician. Whoever is for Senator Spooner in this election may consider himself on the safe side and whoever opposes him will have to stand the consequences.
"This is no suggestion or warning, as it is the situation as it exists in Wisconsin today."

Stephenson Not a Candidate

Die Germania does not take Isaac Stephenson of Marinette into consideration, failing to mention the fact that he is a candidate to succeed Spooner and that he is supported by a number of friends of Governor La Follette.

It is now believed that Senator Spooner will be heard from in a few days. That he is a candidate there seems to be no doubt on the part of his most intimate friends, who believe that it is not necessary for him to say that he withdraws the letter written declining to be in the field at the expiration of his term.

Roosevelt For Spooner.

Madison, Wis., April 24—"That man Spooner is my right hand man and if you people of Wisconsin do not return him to the senate when his term expires next winter it will be infamous, infamous!" declared President Roosevelt to L. D. Harvey, state superintendent of public instruction, in New York city last Saturday night.

The two were attending the banquet in honor of the installation of Dr. Nicholas Butler as president of the university of Columbia. Shortly before being introduced the president and Mr. Harvey began to discuss Wisconsin men at the national capital. The president spoke in the highest terms of Senator Spooner and wound up with the declaration quoted.

This was the first time Mr. Harvey had met the President and they engaged in quite an extended and pleasant discussion of political and educational matters. Mr. Harvey returned home yesterday afternoon.

Grant Williams, of Chicago, district freight agent of the Chicago, Milwaukee & St. Paul road was in the city today on company business.

Exposes National Baseball League.

Washington, April 24.—The supreme court of the District of Columbia issued a restraining order, returnable May 3, against the National League, stopping that organization from interfering with four of the players of the Washington club of the American League. These players are Delehanty, Wolverton, Orth and Townsend.

Mayor-Elect Declines to Serve.

Zanesville, Ohio, April 24.—Mayor-elect Charles C. Klein of Uhrichsville, Ohio, who disappeared from his home on Monday shortly before time to induct him into office, was found at a hotel in this city. He says he was nominated and elected against his will and that he will not return to Uhrichsville until some one else has been made mayor.

Puts Money in Arizona Mines.

Phoenix, Ariz., April 24.—At a meeting of stockholders of the South Bisbee company forty-six mining claims near the Copper Queen property were sold to Gordon B. Campbell of Calumet, Mich., for \$1,200,000—\$150,000 cash and the balance within two years.

Honor for Carnegie.

London, April 24.—The honorary freedom of the Plumbers' company, an ancient guild of the city of London, is to be conferred on Andrew Carnegie at the Guildhall, May 14, in recognition of the munificence of his educational gifts.

Landsting Indorses Sale.

Copenhagen, April 24.—By 31 to 30 votes the landsting adopted the majority report on the treaty for the sale of the Danish West Indies to the United States. The treaty now goes back to the folkething.

Big Fire in Little Town.

Monticello, Ind., April 24.—Idaville, near here, was almost wiped out by fire. The loss is about \$50,000, with \$3,000 insurance. The town is without fire protection. Fifteen business firms were burned out.

Town Is Wiped Out.

Williamsport, Pa., April 24.—A fire which started in the barn of W. F. Brown practically wiped out Clintonville, Clinton county, a small town of 175 inhabitants. The loss is estimated at \$40,000.

Kodol

Dyspepsia Cure

Digests what you Eat

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood. Unless a method is devised for overcoming this malady, our race must deteriorate."

Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on popsin, which is better, but not sufficient, for it digests only albuminous foods. The preparation best fitted to relieve and absolutely cure indigestion is **KODOL DYSPEPSIA CURE**. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size.
When you need a soothing and healing application for piles, sores and skin diseases, use **DeWITT'S Witch Hazel SALVE**. Beware of counterfeits.
Above Preparations sold by **McCUE & BUSS**

WEATHER FORECAST.

Friday.
Fair tonight partly cloudy, warmer

THE NATION'S OPPORTUNITY.

Senator Albert J. Beveridge of Indiana, has just completed a series of articles to the Saturday Evening Post, on conditions prevailing and opportunities presented in the far East. He claims that a great unoccupied and undeveloped field is waiting for occupation in China, and that with her 400,000,000 population, a market for American goods is offered, that has never been paralleled. The German government has already taken advantage of the situation, by sending out an industrial and commercial commission to study Oriental trade conditions. Senator Beveridge recommends that the United States adopt the same method, so that our own people may become familiar with the wants of the Empire, and successfully compete in supplying them.

He would supplement this commission by a business men's organization, whose mission shall be to find out how the Chinaman wants his goods and then take his orders. He would have every industry represented in a pool, or if that is not practical, he suggests that individual corporations send out the best men that money can secure, and thoroughly cultivate the field. The "open door" which means equitable access to all nations, may not long remain open, as two or three of the great powers are already attempting to control the trade. The door was forced open by bayonets, and if China and the nations of the world are mutually benefitted, it will be kept open by friendly agreement.

The rapid strides that have been made by America during the past few years, in all industrial pursuits, make it necessary to find new markets and China, as well as Russia and the Asiatic field are inviting. Germany, with its 50,000,000 people, bought of us last year \$190,000,000, the United Kingdom, representing a population of 40,000,000, purchased over \$500,000,000 of our products; while China with a population of 400,000,000, bought less than \$40,000,000, and this was a substantial increase over previous years.

China, of course, needs educating. The simple life and primitive methods employed, belong to centuries long since past. While the missionaries are accomplishing something in the way of enlightenment, their work is only fragmentary, as compared to what the next few years will develop, when foreign capital and enterprise takes hold of the country. Many millions of the people, grouped in centers of population, are living hundreds of miles from ports of entry, where goods are transported by pack trains. Railroads as well as wagon roads are unknown. With the advance of civilization and it is rapidly advancing, these obstacles will be overcome. The next 25 years will produce some wonderful changes in China, and as superstition and ignorance are dispelled, the land will be redeemed.

The feeling that exists towards the United States is, in the main, friendly. The spirit displayed, after the Boxer riots, was appreciated by the people and Congress acted wisely, in not endorsing more stringent anti-exclusion laws. The recommendations of Senator Beveridge are worthy of more than passing notice. He is thoroughly familiar with the situation. If his plan should be adopted and intelligently and patiently developed, China may be made one of the best markets for American goods and with this sort of a substantial entering wedge, much more can be accomplished in winning the people to christianity.

CREATING DEMANDS.

One of the agencies which have contributed so largely to American success and prosperity, is the ability displayed to create demands for undeveloped resources. This is especially true in the case of structural steel. Andrew Carnegie, the man whose name is a household word, because of his great wealth and great liberality, is entitled to every dollar that he has made, and to the gratitude of the nation as well. He was the medium through which was discovered the fact that a quality of steel could be manufactured that rivaled the Bessemer product, but he also discovered the more important fact, that the product could be utilized for building purposes. When the steel beam was substituted for the wood, a great deal of skepticism prevailed, but prejudice was speedily overcome and today it enters so largely into the construction of bridges and large buildings, that people wonder why it was not used before. Mr. Carnegie created a demand for this class of material across the water, and today it is recognized in all civilized countries as indispensable. The reason why the steel and iron industry is so prosperous, is because of the ever increasing demand for the product. While other nations are competing to supply this demand, America is in the lead, with flattering chances of holding her own against all comers. The steel combination is denounced by people who know but little about it and who find

it is easier to denounce an industry than to investigate its merits. These people seem possessed of the notion that this great industry is represented solely on paper, and that by speculation, money is made without work. They fail to take into account the fact that great blocks of money are invested in hundreds of plants, and that each plant is a busy hive of industry, employing all the men that it has room to work, and paying to labor thousands of dollars every week.

If they could go beneath the surface and enter the mines where raw material is produced, they would discover that the same brain and energy was producing ore and transporting it over roadways, both by land and water, and carrying a pay roll, of a vast army of men.

The steel combine is not a myth nor a fraud. It is one of the great forces that is contributing to the world's advancement and is backed by as great intelligence as the world has ever produced.

America has occasion to be proud of her captains of industry. They stand at the front and are entitled to every encouragement. The cheap sort of criticism comes from men who are destitute of either appreciation or ability. In prosperous times, like the present, there should be harmony of action, with no disposition to kick.

THE DEAL AGAINST DAHLE.

Gov. LaFollette's lieutenants, speaking for the governor, today make a childish and ineffectual denial of the story published in The Journal about the betrayal of Congressman Dahle by the LaFollette forces. They say that the story was invented "to annoy the governor." It may annoy him to have it come out, but his annoyance will be as nothing as to the annoyance of Mr. Dahle to find men he had favored, including the postmaster at Portage, appointed but two weeks, turning against him. The difference is that they will hear from the annoyance of Mr. Dahle from many directions while the governor will have nothing to say unless to lay the blame on some one of his lieutenants. The facts of the case as stated are not denied at all. The gentlemen of the opposition of both sorts well know that The Journal is not in the habit of publishing such news without the facts to back what it says; and this may be the real source of the alleged annoyance.

The story is amply told in the names of the men who are at work against Mr. Dahle, men close to the governor and his management who would and could do nothing without his consent or advice without breaking from him. And these are turning against a man who has been true to his cause as few have been, even submitting to have the governor name his appointees, even to private secretary. Mr. Dahle belongs to and represents a race which takes its politics seriously; it is no game of give away with them. He is a man who is sincere and manly and is not likely to brook trickery or political treachery. In throwing him over the Half-Breed cause will suffer the loss of some earnest and sturdy support, and that right at home as well as in its strongholds. As it stands, the business is nothing less than a bald piece of political treachery rarely equalled. The organs may go on with their mild denials and soft explanations; but stripped of all subterfuge, the very beginning of such a deal is more than questionable and presumptive of a deep and widespread political dishonesty unworthy of any cause.—Milwaukee Journal.

QUITE VINDICTIVE.

The fur is beginning to fly in the Stalwart camp. Since the Milwaukee election, Pfister and others of the eleventh story league bolters have heard something drop. The hand writing has appeared on the wall that Whitehead has been "weighed and found wanting."—Ex-Governor Hoard's Paper.

The paragraph quoted is a fair sample of the class of billingsgate that emanates from the Governor's supporters. The erratic ex-governor never forgets an imaginary injury and is the most patient man in the state when it comes to nursing old wounds.

If the LaFollette supporters can get any satisfaction out of the convention vote in Richland county, they are entitled to it. The county has heretofore been a stronghold for the governor. The convention endorsed him by a bare majority and the tactics employed were anything but commendable. Like many other counties in the state, the sentiment in Richland has changed.

The chairman of the Richland county convention refused to entertain a resolution endorsing Senator Spooner, but the delegates rebelled and the resolutions were adopted. That looks very much like Spooner and LaFollette. Men who advocate the nonsense are color blind, or talking for effect. If Senator Spooner succeeds himself, LaFollette will not be the next governor.

Senator McGilivray is still busy organizing LaFollette clubs. The "Thoroughbreds" should invite him to Janesville for their next session.

The primary election law in St. Paul appears to be as full of holes as a skimmer. The grand jury is now investigating alleged frauds. Some enterprising voters are accused of casting 50 ballots. That might be all

right in the South, but it is a little off color in Minnesota. The primary law is a good thing in your mind, but altogether too ideal to be practical.

It is about time for congressman Cooper to come out in the open and declare himself. If he expects his friends around the district to rally to his support, it may be necessary for him to do a little missionary work at home. There are other men in the district who aspire to congress.

Madison is not likely to secure the republican state convention. The talk was principally hot air. The easiest work that men ever do is with their mouths, and there are a lot of this class of artisans scattered over the state at the present time. "Chin music" is very consoling to the man who produces it, but seldom represents very much.

The banquet given at Madison in honor of E. B. Helmsstreet, as a fitting tribute to faithful service. In retiring Secretary Helmsstreet from the State Board of Pharmacy, the governor practically said to the druggists of the state, "I don't need you." The druggists are not lacking in intelligence and they may return the compliment.

Congressman Dahl must go, to gratify the whim of his friend the governor. The Milwaukee Journal sizes up the situation correctly in another column.

PRESS COMMENT.

Marquette Eagle: People waste lots of time. For instance, a petition is being circulated which begs the governor to stand for re-nomination.

Marquette Eagle: The Milwaukee Journal asks if the Eagle is still of the opinion that Senator Whitehead can be elected governor. The Eagle believes that Mr. Whitehead has a much better chance today than has the present governor. And Senator Whitehead's favor is growing while LaFollette's is waning.

Milton Junction Telephone: The Jefferson Co. Union advises its readers to digest a recent editorial in the Milwaukee Journal. A peculiar state of affairs indeed, must prevail, when a Republican newspaper, whose editor has been so signally honored by his party as has Gov. Hoard, urges its loyal ones to assimilate the views of the leading Democratic newspaper of Wisconsin.

Oshkosh Northwestern: In Connecticut there is a law which limits the number of trout which a person may catch in one day to thirty, but of course there is no limit to the number which a person may claim he has taken. A law of that kind would be little less than cruelty.

Madison Democrat: If a half-breed legislature were elected, Senator Spooner would not get a vote, not even a commendation for past services. He would be bounced out of the senate with every demonstration of contempt. The usual civilities would not be observed. This feeling towards Spooner is felt by the leaders of the half-breeds; so all talk of compromise or electing a half-breed governor and Spooner for the senate is the weakest of the chatter.

Oshkosh Northwestern: The old saying to the effect that a little learning is a dangerous thing is exemplified by the note of an anxious mother by New Jersey who wrote a note to the school teacher saying: "Please don't learn our Johnnie any more about his insides, as it makes him easy."

Milwaukee News: The idea of abstaining from the use of products controlled by the trusts as a means of bringing the trusts to time is at most as brilliant as the suggestion of President Hadley or Yale that the way to do up the trusts would be to refuse social recognition to the trust magnates.

Milwaukee Sentinel: The war between the vertical and slant handwriting advocates is becoming so serious that persons who learned to make pothooks and hangers in the old-fashioned copybooks of forty years ago are beginning to wonder what it means.

A Lace Curtain

...Event...

A Few Days Special Selling.

Now is the one time of the year when the curtain stock is most complete and the time when we place the various lines on sale on a very narrow margin of profit. We don't much money but its good advertising for the Curtain stock.

Every curtain we show is a 1902 pattern, therefore all new fresh stock, and the sale coming just at house cleaning time makes the opportunity a timely one. Curtains for this sale, special values per pair: 49c, 89c, 1.15, 1.35, 1.65, 1.85, 2.15, 2.35, 2.65, 2.85, 3.15, 3.65, 4.15, 4.65, 5.65, 6.35, 6.85, 7.35, 8.35. In the lines are Nottingham, Fish Net, Brussels Net, Swiss, Arabian, Irish Point de Esprit, etc. Bare prices as above convey little meanings, but you can expect fully as good bargains as you ever had here and these bargains are well known.

ODD CURTAINS.

A number of odd lace curtains, one, two and three of a pattern, while they last they will be sold much under regular prices.

PORTIERS.

All the desirable colorings and combinations in tapestry portiers at special prices during this curtain sale.

CURTAIN RODS.

Brass sash rods, extension from 22 to 45 inches, each 5 cents.

Another of the same size with patent brackets, each for 10 cents.

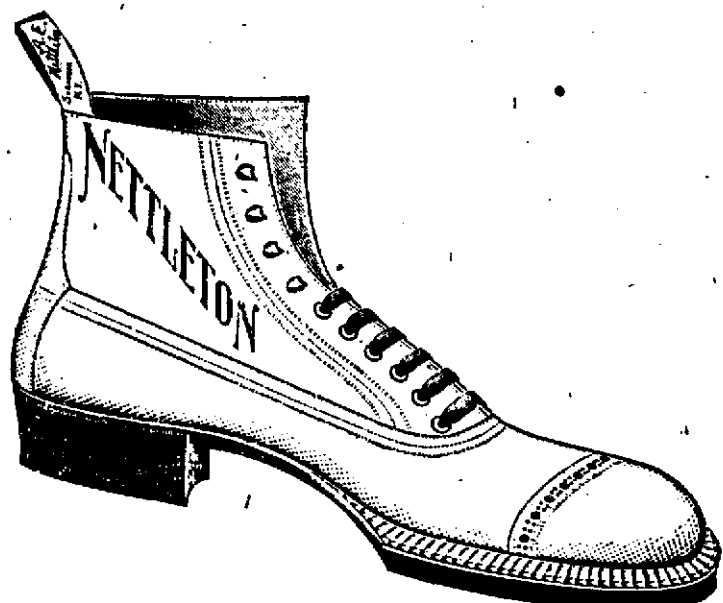

Brass extension lace curtain rods, fancy ends and brackets, extend 27 to 55 inches each 10 cents.

45 inch white wood poles, complete with ends and brackets, each 10 cents.

If you need Curtains this spring now is the time to buy and make a saving.

KING & COWLES,

"GLASS FRONT SHOE STORE"

WE EMPLOY A FIRST CLASS SHOE REPAIRER.

CEMENT POST CO. ENLARGE PLAN

OVER \$50,000 WILL BE PUT INTO
PROPOSED PLANT.

Size of the Buildings on the Original Plans Have All Been Considerably Increased—Metal Instead of Wooden Moulds Will Also Be Used in the Foundry.

It is expected from changes that have been made in the plans and specifications of the cement post plant that the company will invest nearly fifty thousand dollars in the business. In the first place the company figured on a plant to cost about \$30,000, but since have changed it so that it will cost much more money. In changing the molds in which the posts are cast from wood to iron many thousands of dollars was added to the cost of the plant.

The buildings which are to be located just south of the sand hill on the Paul farm, will be of brick, one story in height, and will consist of a main building 164x87 with two store rooms on either side of it. One will be 600 and the other 400 feet long by 57 feet wide so that the total length of the building will be 1,164 feet long, inside measurement.

North of this building and nearer the sand bank will be a crusher and sand drying house 60x20 which will have a capacity of fifteen tons of sand an hour. The St. Paul railroad company will at once begin the construction of a side track to the factory site. There will be a track on both sides of the long buildings running their entire length, which will give them unequalled shipping facilities.

It is estimated that the plant is at present projected by the plans will cost over \$50,000 and will have a capacity of 6,000 posts a day.

A. E. Cummer, of Cleveland, O., was in the city this morning and with H. H. Jackson, of Chicago, went down to the place where the plant is to be located and examined the sand pit. He said the sand was of the finest kind for this work and would make beautiful posts. Mr. Cummer represents the only firm in the United States that make sand drying apparatus and will furnish the plant with their drying machines.

H. H. Jackson stated today that the company would have a meeting next Monday afternoon in Chicago and would let the contract for the erection of the buildings, which would be started without delay so that the firm could get to work.

ILLNESS AND DEATH OF GEO. H. KENNEDY

Died at His Home on South River
Street Tuesday Evening—Funeral
Private Tomorrow Morning.

Tuesday evening at 9:15 George H. Kennedy died at his home, 255 S. River street after an illness of about ten days with rheumatism of the heart and stomach. Deceased was born in this county, November 29th, 1861 and has always resided in Janesville and vicinity. A wife and five children, Thomas, Roy, Jasper, Henry and Ella survive him. Three brothers, Lucius, of this city; Thos., of Alexandria, S. D.; Charley of Denton, Kan.; and a sister, Mrs. Alice Paterson, of Hot Springs, Ark., also survive him. The funeral will be held at the home tomorrow morning at 10 o'clock and owing to sickness the services will be private. The last sad rites will be performed by the Rev. J. T. Henderson and the remains will be taken to Edgerton for interment. Those wishing to view the remains may do so between 5 and 7 o'clock this evening.

Death of Agnes Anderson
Yesterday afternoon at three o'clock death claimed as his victim, Agnes, the six-year-old daughter of Mr. and Mrs. Wm. Anderson, of the town of Rock, three miles south of the city. Death was caused by scarlet fever. The funeral will be held at the home on Friday at one o'clock and the remains taken to Johnston Center for interment.

Mrs. Walter Garry Dead
Yesterday Peter Dolan of this city received word announcing the death of Mrs. Walter Garry at her home in Oconto, Wis. Mrs. Garry was a sister of Mr. Dolan and the remains will be brought to Janesville this evening at 8:05 and taken to the home of Mr. Dolan. Deceased was well known in Janesville where she resided for a number of years, moving to Oconto twenty-seven years ago. Funeral services will be held at St. Patrick's church tomorrow morning at 9:30 o'clock and interment will be in Mount Olivet cemetery.

Eugene D. Rockwood Dead
Eugene D. Rockwood, for many years a resident of this city and one of the prominent tobacco men of the state, passed away at his home in Brodhead yesterday evening. Deceased was a member of the firm of Rockwood Bros., dealers in leaf tobacco, and at one time was associated with J. F. Sweeney in the hotel business. The funeral will be held in Brodhead on Friday afternoon.

Crossman Has Contract.
The Rock County Soldier's Memorial committee, who have the improvement of the lot surrounding the soldier's monument in hand, have let the contract for building the cement walks to B. P. Crossman.

Janesville's New Railroad
The Transcontinental and Continental Transportation Co. with a capitalization unlimited will run their first excursion train at 2 p. m., May 2. The Y. M. C. A. building has been leased as a temporary depot. No extra charge for meals or transfers. 50 cents covers all expenses. Be sure and take a ride on the new road on May 2nd.

A special train on the St. Paul, having on board President A. J. Earling, Assistant Gen. Supt. D. L. Bush, Gen. Man. H. R. Williams and Supt. P. C. Eldridge arrived in the city last evening on the way to Mineral Point. The officials were on a general tour of inspection of the different branches of the road.

GALA NIGHT FOR THE ODD FELLOWS

Local Lodges Will Celebrate the 83d Anniversary of the Order at East Side Hall Tomorrow Night.

Tomorrow night will be a gala night in the annals of the local Odd Fellows. They will celebrate the 83d anniversary of the order with an excellent literary entertainment and a dancing party to follow. Both lodges of the order in Janesville will participate and the receipts will go to the "Home Building Fund" at Green Bay.

The committee in charge have arranged a splendid program, and all who attend can feel assured of enjoying the evening immensely. Past Grand Master Wm. George Thwaites, of Milwaukee, will be present and will deliver an address on American Odd Fellowship. Mr. Thwaites is a very interesting talker and will give a fine review of the order in this country. The program is as follows:

Selection.....Smith's Orchestra
Welcome.....James A. Fathers
Song, "Friendship, Love and Truth"
Selection.....Odd Fellows' Quartette
Address.....Wm. Geo. Thwaites, Milwaukee
Solo, alto.....Geo. V. Gray
Reading, Selected.....Mrs. J. B. Day
Song, "Joy of Spring," Odd Fellows' Quartette
Selection.....Mandolin Club
Song, Selected.....Geo. L. Hatch
Selection.....Smith's Orchestra

WANT A PLACE TO KEEP LAW REPORTS

Attorneys Negotiating with Library for a Room in the Proposed New Building.

Of late the lawyers of the city have been agitating the plan of having a centrally located room where the law reports of the different states and the reporter system could be consulted. The idea of having such a room has been suggested to members of the library board and they are quite favorably impressed with the proposition.

It has been suggested that the second story of the library which is to be left unfinished, be finished up and a room set apart for works of this kind. A number of lawyers about the city have expressed a willingness to put their reports into the room where the lawyers could all have access to them. Janesville lawyers have a very complete set of the reports of different states and much running could be saved when a case is to be briefed if the books were all in one room where they could be consulted. Under the proposed plan the lawyers would have their text books and possibly the Wisconsin reports in their offices, the foreign states being in the library room.

This plan has been tried in many cities with success and gives the lawyers a centralized place where they can take their notes and look up the authorities without having to borrow books from other offices. A small fee is charged in some places to defray the expense of running the room and meets with great favor among the attorneys.

The proposition is being given considerable thought by the lawyers interested and the library board and may result in the finishing up of the second story of the new building and the establishment of a commodious reference room.

PUSHING WORK ON ELECTRIC RAILWAY

Work on the inter-urban electric road is progressing fairly well in this city. The stone crusher is working and the road is being macadamized on South Franklin street, where the rails have been laid for five blocks.

Workmen are engaged in filling in between the south end of Jackson street bridge and McKee Boulevard, alongside of the fill made by the city over a year ago.

The Hayes Bros. have three grading crews along the line between this city and Beloit, and the line will soon be ready for the ties. The trouble at the crossing near the Choate-Hollister furniture factory has been settled and grading on McKee Boulevard will soon begin.

The line between Rockford and Beloit is rapidly nearing completion, and the balancing will be completed about the last of this week. The power house at Beloit is finished and all the machinery in place, but the engine and that is expected every day.

The Hayes Bros. state that every part of the construction of the line is of the best possible workmanship and material, making the line the best one for public travel ever constructed in the state.

CITY NEWS IN BRIEF

Fresh mushrooms at Skelly & Wilbur's.

The drill of the Ladies Union Label League will be held this evening instead of tomorrow evening.

The High school alumni will hold their annual meeting Friday evening at the High school building at 7:30 o'clock.

We are enjoying a good sale on our 25 cent coffee. Its a Mocha and Java mixture and equal to many of the higher priced coffees. C. D. Stevens.

The Merchants & Bankers Mutual fire Insurance Co. of Beloit, Wis., is furnishing insurance at a 25 per cent rebate out of 1901 rates. This makes a difference of 40 per cent. between our rates and stock rates. Send a postal card for full information. C. W. VanAkin, Sec'y.

The Milton avenue car on the Janesville street railway line, broke an axle yesterday afternoon while climbing the hill on East Milwaukee street and was out of service for some time.

There will be a private dancing party at the county farm this evening. Saunders' orchestra of Milton will furnish the music.

NEWS OF A PERSONAL NATURE

E. N. Haugen of Orfordville was in town today.

R. H. Miller of Koshkonong, is in town today.

T. J. Harriman, of Juda, was in town yesterday.

Dr. R. H. Anderson, of Orfordville, was in town today.

Mr. and Mrs. L. C. Brewer have returned from a visit to Oconto.

Heinrich Neuberger, of Bremen, Germany, is visiting local tobacco men today.

O. H. Thompson of Cambridge, Wis., was a business visitor to our city today.

Sidney New and wife of New York City were Janesville visitors yesterday.

Frank Martin has planned a trip to France, expecting to start about May 10th.

C. L. Cullen and Chas. R. Bentley, of Edgerton, were Janesville visitors yesterday.

George E. King leaves this evening for Minneapolis on a few days' business trip.

Mrs. H. W. McNamara departed on the noon train for a visit with friends in Chicago.

H. C. Burns, representing the "Enterprise," of Provo City, Utah, is in town today on business.

Mrs. Thomas Graham left this morning for Manitowish, where she will visit for several weeks.

Malachi C. Fish, representing the Wisconsin Carriage Co., transacted business in Spring Grove, Wis., today.

Mr. Philo Mosher, of Johnson's Creek, celebrated his 88th birthday yesterday at the home of his nephew, M. L. Loudon.

INSTRUCTIONS TO COUNTY ASSESSORS

Meeting Held in the County Clerk's Office This Afternoon—Address by John M. Whitehead.

Thirty-one assessors from the towns, cities and villages of the county gathered at the county clerk's office today pursuant to a call issued by Supervisor of Assessment A. J. McIntyre for instruction on the manner of assessing property under the rules laid down by the state tax commission. At the morning session all the assessors of the county were present except those from Clinton and Clinton village. The morning session was devoted largely to the discussion of the general rules.

At the afternoon session they were addressed by Senator Whitehead and District Attorney Jackson and W. J. McIntyre. Senator Whitehead in his remarks to the supervisors stated. He would not attempt to discuss the new law. The statements issued by the state tax commission are so full that they are easy to understand. The assessors should consult frequently with the district attorney, supervisor of assessment or the tax commission direct.

This would bring about a more uniform assessment. The equalization of the county board of equalization is usually more correct than that of the state board on account of politics being kept out of the county boards. In the state board political influence often had a great bearing on the matter of assessment. In closing his remarks Senator Whitehead paid Gov. LaFollette a compliment on his speech before the state tax commission.

At the close of Senator Whitehead's speech District Attorney Jackson addressed the assessors on the legal bearing of the different sections of the law.

SHOE FACTORY NOW IN WORKING ORDER

Traveling Salesmen Are in Town Today; and Expect to Start Out with Lines Soon.

The several departments of the Marzluft Shoe Co. are in good working order and finished samples are now being turned out. The stock, machinery and patterns all being new and up-to-date, the samples are beautiful, and are a source of great satisfaction to the proprietors, Mr. Marzluft and Fred Rau.

P. J. Rice, Lester Palmer and Louis Reem, traveling salesmen for the company are in town and expect to start out with a line of samples early next week. These gentlemen are very much pleased with the fine samples that are being finished by the factory. Surely the samples reach the superlative degree in the line of women's stylish footwear. Many of the samples now being made are for summer wear, such as Oxfords and other low shoes.

As soon as the salesmen are sent out the entire force will be put at work and a busy season is anticipated. All of the machinery in the several departments is in place, except one machine, and that is being exchanged for one more modern in construction and having important improvements.

ELECTRIC MOTOR

You can select a location favorable for your business, regardless of proximity to a line shaft or steam engine. You can have many comforts: good light, pure air, a clean and attractive shop, your own power supply controlled by yourself, only available whenever you desire to use it, in or out of regular working hours. And better than all, you will find it very economical for you to pay for power only when your machinery is in use, and in proportion to the amount of power consumed. Electric Fans, Ventilating Outfits, Swing Machine Motors, Laundry Irons, Curling Irons and other Electric Heating Devices are now in great demand. Wiring at cost.

TWO WHIPPED BY WHITECAPS

Victims Are Peaceable Residents of Brown County, Indiana.

FIRES ON MOB WITH SHOTGUN

Finley, Stretchberry Believed He Hit One of His Assassins—Husband Is Unmercifully Beaten in Presence of Wife, Who Loves Her Reason.

Indianapolis, April 24.—Two outrages by white cap bands against peaceable citizens of Brown county during the present week, which were attended by almost incredible brutality, have caused intense excitement in that section of the state. The wife of one of the victims has become violently insane as a result of the brutal treatment of her husband.

William Caldwell, the first victim, was met on a lonely road by the white caps and whipped until exhausted by loss of blood. He was found the next morning near the roadside in an unconscious condition.

Finley Stretchberry, the second victim, was taken from his house by twenty masked men. They broke down the doors. As they rushed into the house Stretchberry bravely faced the mob with a shotgun. He poured the contents of one barrel into them. Before he could fire again he was seized by one of the white caps.

Stretchberry did not lose his courage. He fought desperately and managed to free himself. As he raised his gun for a second time his wife rushed to his side and persuaded him to drop the gun.

The mob then seized Stretchberry and took him to the door of the house, where they beat him over the head with clubs and revolvers. He fell to the ground. Mrs. Stretchberry was forced into the kitchen, while her husband was taken to a stretch of woods and unmercifully whipped.

After beating the man to the heart's content the white caps released him, took him farther down the road and tied him to a fence post. Then the beating was renewed until the victim fainted and the mob supposed that he was dead.

Mrs. Stretchberry was released but a few months ago from an insane hospital, where she had been a patient. During the invasion at her home and the assault upon her husband she lost her mind again from the excitement and in a crazed condition dashed down the road. She ran to a farmhouse, pushed her way through the door and told of the outrage incoherently. The neighbor, accompanied by Mrs. Stretchberry, searched for hours for her husband before finding him. He took him home and summoned a physician.

Mrs. Stretchberry is now a raving maniac, constantly calling on those around her to protect her and her husband from the mob.

Stretchberry is positive that he shot one of the mob, and says that he recognized several of them. He is in a critical condition, but was able to say: "When the mob entered I had my shotgun ready and as they came upon me I fired to kill. When I shot, one man threw up his hands and fell, and his comrades seized him and carried him away, and the rest attacked me. I know who the white caps are and I will reveal their names soon."

"Unlike other outrages that have occurred in Brown county, no reason whatever is given for the attacks upon the two men this week. Both are said to be quiet, law-abiding citizens, and neither has ever been charged with any crime."

LEADS WORLD IN LIVE STOCK

Census Bureau Statistics Give Iowa First Place in the Industry.

Washington, April 24.—The great state of Iowa leads the world in live stock. According to a census bulletin just issued the value of domestic animals in the leading live stock states of the country is as follows: Iowa, \$271,544,034; Texas, \$236,227,934; Illinois, \$186,856,020; Kansas, \$186,317,248; Missouri, \$154,295,363; Nebraska, \$142,769,629; New York, \$129,673,101; Ohio, \$120,466,134; Indiana, \$105,508,529; Wisconsin, \$93,521,430.

These ten states contain more than half of the domestic animals in the United States, rated by value and not by number.

Texas leads the states of the Union in number of cattle, with Iowa second and Kansas third. Iowa is first in horses, with Illinois second. Texas is first in mules, with Missouri next. Montana leads in sheep, with Wyoming second. Iowa is first in hogs, Illinois next.

Eighty-five Houses Burn.

Oil City, Pa., April 24.—Thirty-five places of business and fifty dwellings were destroyed by fire at Marienville. There was a high wind and no adequate fire protection. The fire started in the dwelling house of Mrs. M. J. Smith, who was smoking meat. The B. & K. railroad station and telephone exchange were among the buildings destroyed. The loss is estimated at \$200,000, with about half of that amount in insurance.

Hunters Start Iowa Prairie Fires.

Ottumwa, Iowa, April 24.—Forest fires, started by hunters smoking out rabbits, are raging in the southern part of this county and doing much damage. Many farm houses are endangered and the farmers are fighting the fire by "back firing."

STRIKERS FIRE ON THE POLICE

Patterson, N. J., Dyers Start Out.

Force Compliance with Demands. Patterson, N. J., April 24.—Strikers persons were injured yesterday in riot in Patterson, when 1,600 dyers' helpers on strike for higher wages, started out to close the establishments where their fellow tradesmen were working. Factories were stormed, windows smashed and chemicals spilled in some places the employees were forced out and a complete suspension of business in the trade was brought about. The number of strikers was increased to about 4,000. The strikers were engaged in a series of running fights with the police and plant managers, and in one of the most severe clashes a volley of shots were exchanged. The radical among the strikers were in command and hostilities ceased only when there was no one to fight.

The conservative element among the strikers had in the meantime disavowed the violence of their fellows and urged a return to peaceful means to gain the end that was sought. A written demand upon the employers for pay was formulated, and committees opened negotiations for its consideration. Nearly every one of the proprietors expressed a willingness to grant the demands if the others would, and it is hoped that a settlement may be reached. If not other branches of the great silk industry may become involved.

WIFE TAKES CRUEL REVENGE

Salt Drunken Spouse and Leaves Him to Mercy of Cattle in Field.

English, Ind., April 24.—Cruel and inhuman treatment will be the plea of Thomas Foley for divorce. His wife admits that she tied his hands and feet while he was drunk and applied salt to his hands, face and clothing, that the cattle in the field where he lay helpless might lick him to death, as a revenge for a beating she received during a drunken orgy. Foley's skin was raw in many places and his clothing in shreds.

Reporter Shoots Havana Editor.

Havana, April 24.—Senor Govin, editor of El Mundo, was shot in the leg by a reporter named Miranda, an employee of La Lucha. The trouble arose over the attacks made in the Mundo on the Fronton, or Spanish handball court here. The two men attacked each other in their papers for some days, and the Mundo made a strong attack on the Fronton, which, it declared, was a gambling den. This precipitated the row, which was entirely a personal one.

El Paso to Entertain Illinois Women.

El Paso, Texas, April 24.—The Women's Club of this city will entertain the delegations from New York and Illinois to the general federation of women's clubs to be held in Los Angeles May 1 to 6, when they pass through here. The Illinois delegation will come by the way of St. Louis and the New York delegation by way of New Orleans, meeting at San Antonio.

Boy a Victim of Dowleism.

Bloomington, Ill., April 24.—Liston Stewart, a sixteen-year-old disciple of Dowle, died here. The police learned that he had been without medical aid during a week's suffering from typhoid pneumonia. The coroner's jury has recommended an investigation by the grand jury. It is believed that the boy's death will prevent the establishment here of a branch of Dowle's Zion.

Drive Out Columbian Rebels.

Colon, Colombia, April 24.—The German steamer Hyecyna, which left this port for Bocas del Toro, several days ago, with reinforcements of government troops on board, returned here and announced that Bocas del Toro, which was captured by the insurgents April 18, was again in possession of the government.

A Friend's Advice

WILL OFTEN HELP YOU GREATLY

Read What a Janesville Citizen Says

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Janesville is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says:—"My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longer and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for U. S. Also on sale at King's Pharmacy.

Remember the name Doan's and take no other.

PENNYROYAL PILLS

CHICHESTER'S ENGLISH PENNYROYAL PILLS. Original and only genuine. In 1890 and 1891 this medicine was the only one of its kind to be recommended by the British Medical Association. It is a safe, reliable, and effective remedy for all cases of female weakness, irregularity, and pain. It is sold by all druggists and chemists. Price, 25 cents per box. Doan's and take no other.

GENERAL FUNSTON IS SILENT

Regrets That His Utterances Have Offended His Chief.

Denver, April 24.—Brig. Gen. Funston, although he has not yet received the official order from President Roosevelt, has announced that he would not again speak of the war in the Philippines.

The rebuke implied in the order of the president has sealed Gen. Funston's lips. When shown a copy of the order issued by Acting Secretary of War Sanger, by direction of the president, Gen. Funston said:

"I think it possibly refers to my remarks on the Philippines at the Sons of the American Revolution banquet last Saturday night. I said nothing there but what I have said before, and the manner in which I was introduced by General Hale at that function naturally called for remarks on the Philippines. If my remarks on that occasion are not satisfactory to my chief I regret it."

"I am the last man to do anything prejudicial to military discipline, but when I talk on the Philippine question I am liable to lose my temper. But truth does not always lie at the bottom of a well. Until I hear from President Roosevelt I have nothing to say, pro or con."

Kills Practical Joker.

Chicago, April 24.—A practical joke terminated fatally for Edward L. Miller, when a man he had laughingly ordered to throw up his hands drew a revolver and shot the supposed thief dead. Joseph P. Brown, who fired the shot, was a friend of his victim, both men having lived in the same house, 103 South Peoria street, for several months.

THE SURGEON'S KNIFE

Mrs. Eckis Stevenson of Salt Lake City Tells How Operations May Be Avoided.

"DEAR MRS. PINKHAM:—I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience. Hundreds of dollars went to the doctor and the druggist. I was simply a walking medicine chest and a physical wreck. My sister residing in Ohio wrote me that she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave your Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation."—Mrs. Eckis Stevenson, 250 So. State St., Salt Lake City, Utah.—\$5000 forfeit if above testimonial is not genuine.

MRS. ECKIS STEVENSON.

Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass.
